PROFESSIONAL SUMMARY

I am a final-year B.Tech student specializing in Artificial Intelligence and Data Science. I have a strong interest in data analytics, machine learning, and AI technologies. I have worked on academic projects and internships that helped me develop skills in Python, SQL, data analysis, and problem-solving. I am eager to apply my knowledge in real-world projects and continuously learn new technologies. I am currently looking for an opportunity where I can contribute, grow, and build my career in the field of Data Analytics and AI.

EDUCATION

B.Tech – Artificial Intelligence and Data Science Aug 2023 – Present

Velalar College of Engineering and Technology, Thindal, Erode CGPA: 7.1 / 10.0

SKILLS

- Python
- Java
- MySQL

CERTIFICATIONS

NPTEL Certifications 2025

- Human-Computer Interaction (Online)
- Introduction to Industry 4.0

INTERNSHIPS

Data Analyst Intern 08 Jun 2026 – 15 Jun 2026

Penta Software *Tiruchengode, Namakkal Dt.*

- Completed training on Excel, SQL, Python, Power BI, and Tableau.
- Learned data cleaning, transformation, visualization, and exploratory data analysis (EDA).
- Created reports and dashboards to present insights and support data-driven decision-making.
- Gained hands-on experience with datasets and basic statistical analysis.

Machine Learning Intern 16/12/2024 – 31/12/2024

Neura AI Solutions Limited *KSR Engineering College, Tiruchengode*

- Completed a Machine Learning internship, gaining hands-on experience in data analysis and model development.

Data Analyst Intern (Additional) –

- Worked on data analysis and visualization projects, contributing to business insights and reporting.

PROJECTS

AI Legal Document Analyzer 2026

- Developed a full-stack web application to upload, analyze, and summarize legal documents in PDF format using AI.
- Implemented secure user authentication, document management, text extraction, and AI-powered summarization using Google Gemini API.
- Built REST APIs using FastAPI and integrated PostgreSQL for database management.
- Used React.js for the frontend and Swagger UI for API documentation and testing.

Technologies: Python, FastAPI, React.js, PostgreSQL, SQLAlchemy, Google Gemini API, JWT Authentication, Swagger UI.

RentEase – Rental House Management System 2026

- Developed a rental house management application using Java, Spring Boot, Spring Data JPA, MySQL, and JWT authentication.
- Implemented REST APIs for house listing, property registration, city and BHK-based filtering, availability checking, and image uploading.
- Integrated Swagger UI for API documentation and testing, with secure access using JWT-based authentication.

Technologies: Java, Spring Boot, Spring Data JPA, MySQL, Spring Security, JWT Authentication, REST APIs, Swagger UI, Maven.

OrderMetrics360 – E-commerce Business Analytics 2026

Technologies: BigQuery, dbt, SQL, Python

- Built an analytics pipeline on the Olist e-commerce dataset (9 tables) loaded into Google BigQuery.
- Created dbt staging models with unique and not-null tests to ensure data quality.

Diabetic Retinopathy Detection 2026

- Developed a deep learning model using CNN to detect diabetic retinopathy from retinal fundus images.
- Implemented image preprocessing, data augmentation, and model evaluation using accuracy, precision, recall, and F1-score.
- Built a simple web application to upload images and view the prediction results.
- Used Python, TensorFlow/Keras, and OpenCV for model development and deployment.

*T*echnologies : Python 3.11 – Programming language , TensorFlow – Deep learning model development , Keras – CNN model building and training , Flask Framework – Backend web application development , HTML – Web page structure,CSS – Web page styling , CNN (Convolutional Neural Network) – Retinal image classification , PIL (Python Imaging Library) – Image processing , NumPy – Image data processing and numerical operations , Visual Studio Code (VS Code) – Development environment

EXTRA-CURRICULAR ACTIVITIES

National Cadet Corps (NCC) 1 Year Experience

- Participated in NCC and developed discipline, leadership, and teamwork skills.
- Completed basic training, drill, and community service activities.
- Gained confidence and the ability to work effectively in challenging situations.

WORKSHOP

Successfully completed a practical workshop on Android App Development using Android Studio at KSR Arts and Science College, Tiruchengode.
